students studying accounting for mba and postgraduate courses and professional courses  
 where accounting is introduced for the first time visit pearsoned co uk weetman for a suite of  
 resources to accompany this textbook including a companion website for students containing  
 multiple choice questions to enable you to test your knowledge a complete solutions guide for  
 lecturers powerpoint slides for each chapter for lecturers

looking for an introductory text in financial accounting then look no further than this book  
 created by an experienced author team specifically for those with little or no previous  
 knowledge of the subject with a clear written style this accessible book is unique in teaching  
 financial accounting from a non country specific perspective using international financial  
 reporting standards ifrs as its framework to explain concepts and standards building on the  
 success of the first edition this truly international book continues to draw examples from europe  
 the us and beyond and has been updated to incorporate the extensive changes of the past  
 three years key features new expanded and amended coverage of group accounting and of  
 financial analysis real life examples are included from a wide range of countries activities and  
 why it matters boxes integrated throughout each chapter to challenge students and stimulate  
 further interest end of chapter self assessment questions and answers exercises at the close of  
 each chapter includes a glossary of terms used in ifrs and uk and us accounting ideal for  
 undergraduate and mba students worldwide taking a first course in financial accounting maybe  
 highlight this or put in a separate box this book is particularly timely it is written extremely  
 clearly it is unusual in that it takes as its base the international accounting standards which i  
 firmly believe are going to be the worldwide requirements of the future sir david tweedie  
 chairman international accounting standards boards refreshing in its breadth and  
 comprehensiveness dr aileen pierce university college dublin david alexander is professor of  
 accounting and head of the department of accounting and finance at the university of  
 birmingham business school england christopher nobes is pricewaterhousecooper s professor

of accounting at the university of reading england from 1993 to 2001 he was a representative on the board of the international accounting standards committee
